

# LSE YouthMUN 2022

## PRESS CORPS COMMITTEE

Dear delegates,

Welcome to Press Corps at YouthMUN 2022! We are Solomon Westmancott and Eugene Brotons, and we're delighted to be your chairs for the weekend. Press Corps is slightly different to other Model UN committees, so be ready to learn and adapt.

Hello I'm Eugenia and I'm from Barcelona, Spain. I'm currently a first-year at the London School of Economics, studying PPE (Philosophy, Politics, and Economics). I started doing MUN when I was in high school, like you all, and my passion for discussing and debating world issues has only increased ever since. If this is your first experience with MUN I hope that we can provide you with an amazing experience that will lead you to love MUN as much as we do. Despite having participated in many conferences as a delegate, I have never had the opportunity to chair a committee, so this will be a first for me and I hope to learn with you as we go. If I'm not buried under piles of university work or having a blast MUNing, you'll probably find me on the ski slopes (when in Spain) or the football pitch (when in London), at the club, or roaming aimlessly around London, admiring the city's beauty. I'm really looking forward to meeting all of you and seeing some insightful contributions to debate. The topics and format of Press Corps really give you, delegates, an opportunity to think outside the box so take this freedom and impress us!

Hey, I'm Sol, and I am going to be your other co-chair for the committee. I study economics at the London School of Economics, and I'm in my first year. I started Model UN this academic year, and this will be my first ever chairing experience. Therefore, I am really looking forward to learning and improving over the weekend alongside you as delegates, especially as Press Corps is a step away from what you know. In my free time, I enjoy reading about international development and learning pointless trivia, both activities that

lend themselves to Model UN. As I chair this conference, I hope to see delegates who have really grasped the material in the study guide for both topics, as well as bringing in their own views and knowledge on the topics.
